

EMERGENCY INFORMATION AVAILABILITY

During an emergency, Pearland residents will be supplied all pertinent local information on radio station 740 KTRH AM. Another source of information is the City's website at www.cityofpearland.org. The Pearland Office of Emergency Management (2010A Old Alvin Road, 281-652-1954) offers a number of brochures and information booklets on hurricane safety - including what to do before, during, and after a hurricane.
